Free and discounted events to make friends and have fun.

Employment Support

Workshops and tools to bring you closer to your dream job.

Ambassador program

International student ambassadors here to help you settle into Adelaide.

Student Community

Make friends with students from all over the world.

In Adelaide, you're closer to the quality of life you aspire to

Adelaide is the perfect city for students, with major campuses and student accommodation close together, clustered in and around the city centre. You can walk out your front door and be in classes in minutes, not hours. The time and money you save commuting you can spend enjoying the city's countless events, festivals, places to eat and hang out, and the beautiful surroundings.

Accommodation, living and travel costs in Adelaide are lower than many larger, more crowded cities. In fact, recent studies confirmed that Adelaide is more affordable than Sydney and Melbourne. Adelaide's also easier to get around, saving you time and money. This is especially true if you walk or cycle - which are incredibly easy because everything's closely clustered together in the CBD. All tram routes within the CBD are free and full time international students get discount on all public transport.

Engineering

Studying an engineering degree or course in Adelaide can lead to a career in a wide range of growing industries in Adelaide, South Australia including renewable energy, green hydrogen, critical minerals and space industries.

Additional post study work rights

An extra year of post-study work rights (subclass 485 visa) is available for graduates of South Australian institutions who have completed a higher education or postgraduate qualification and maintained residence in South Australia as a holder of a first Temporary Graduate Work Visa (Subclass 485).

The additional year of post study work rights is not available to international students studying in Sydney, Melbourne or Brisbane.

Graduates must apply for their first 485 visa, and if they have resided in South Australia for the duration of this visa, can then apply for the additional year. Existing Temporary Graduate visa holders may be eligible, provided they can meet the requirements.

Information correct at time of printing, please be sure to check latest visa advice on the Australian Government Department of Home Affairs website www.homeaffairs.gov.au
